I know this girl

I know this girl...

A girl who got eyes, blue eyes, eyes as mesmerizing as diamonds, eyes full of warmth, eyes full of love

I know this girl...

A girl with unbelievable hair, blond hair, hair soft as silk, hair with a smell of vanilla

I know this girl...

A girl with a smile, a smile that, warms you up inside, just like a hot mug of chocolate on a cold winter night, a smile that makes your heart race, a smile that makes you melt like iron

I know this girl...

A girl with skin soft as only a baby's skin can be

I know this girl...

A girl with a face only god could have created, a face so beautiful, a face no words really could describe

I know this girl...

A girl with a body. a perfect body, a body perfect in its imperfections

I know this girl...

And this girl I know, she has stolen all of me, not only has this girl stolen my heart, but also my thoughts, my time, my mind and my love...
