**I'm not finished!**

Even though it looks as it does  
in this world right now,  
and it's not a nice place to live in.  
I'm not finished!

Even with all terror that's going on,  
all fights everywhere,  
and all new diseases  
that we have to face.  
I'm not finished!

Even when I'm still,  
after more than 8 years,  
have to fight the system.  
I'm not finished!

There must be more,  
life must have more to offer.  
I must have more to offer.  
**BECAUSE I AM NOT FINISHED!!!**
