Renewal 2022

A Valentine to all the wonderful women here on poeter.se

I wish you a Happy Valentines Day and hope that true love comes your way.

You have shown me bravery, beauty, grace, lack of guile, creativity, estrogen, the stuff that princesses and queens are made of, love of children, daughters and sons, love of family, you are alive to life and friends, loyalty, desire, magical, mystical, good witches and sorceresses, fairy dust, leadership, you give me keys to the puzzle, your words are music to my ears, your words are a wake up call, the gift of birth, wives, passionate lovers, grandmothers and artists with the ability to make me smile and feel warm inside, these are but a few of all the qualities that I find with you,

Hugs,
apache
