

**LET THE TIME FOR REVENGE AWAKEN!**

Do you feel dumb and fooled? You are on the track of something.

The claimed "trap" and "plan" the foe sells you is also in itself a murdering weapon. The power tools that represented by the foe's thoroughly false "authority" where the thievery of our lives, our history, our words and finally with the attempts to kill our Önd must for all time be hindered.

It is not a mirage that many of the foremost in our world are discouraged, oppressed and killed. This is really not a new phenomenon we mainly can see in the closest proximity of time. The murdering of intellectuals and the revolutions aimed to seize power; in the false light of wanting to help the poor and weak is just a little part of the falsehood. The hard hunt after the monarchy, shamans and the "natural folk"; which all are Allfathers and The Gods loved children that with the gifts from the higher knowledge helped strong as weak to survive in The War of all Wars is still ongoing. We are the truly innocent with The Rights; the highest and foremost in our owned world, that get false hatred for our innocence and our higher knowledge. The Illusion will now die. New Time is here.

**THERE IS A HIDDEN LINK BETWEEN ALL THE HIGHEST FOLK OF KNOWLEDGE AND BLOOD: ALLFATHER ODIN.**

The foe's arse licking and death threats without any greater effort other than with force the fooled to their false, twisted and empty words; which after taste and pleasure drag down and search for to mock the strong as well as the weak. The result is of course severely emotionally broken nutcases; The deprived at the bottom of life's ladder without any hope or own thoughts. These deprived are fooled in believing that The Gods and humanity doesn't exist as a unity; That Life only matters for others as they are "free" to their own demise, deadly stupidity and filthy perversions. The Mighties are transformed with logical somersaults to becoming symbolical and just stories and this gives that their inner is like a retarded child where it tries to understand good and evil by "sensing" if something is positive or negative in an illusion regarding differences in "energies"... Tragic.

The weak in mind wish to believe that they steer their choices and opportunities with the very meagre knowledge they have in a sort of inner and cosmical egoistical psychological struggle between light and darkness. All the nonsense their lying life carry are truly too comical to even comment... But, now we have passed that. The fooled wishes so to be right, but just have and is just wrong. They lack morals set in highness and realities as they have been fooled to believe they can be forgiven for all their filthy misdeeds; and in a limitless dumbness refuse the insight that they are reborn to be a murdering weapon against their own people with their "different" degrees of extreme dumbness and perversion.

Many others are just beaten down and hide in being "inoffensive" and suffer for an "inherent" sin that never

was committed by The Gods' kindred. You can now wake up without the foes forced upon and false guilt to a new life in the highest. Live in Truth.

The foes have no suffering, and really no kind of rights; they are intruders in our own owned world and owns nothing. Viet has not any claimed "debts" or "sins" in fighting for our owned world and perverted are ruled out of having any share in our world.
