**love/porn/quantum physics as much to talk about**

There is equally amount to write about love, porn, and quantum physics.

One is a hoax. Quantum physics. There is no truth in numbers.

Numbers were invented when we were cavemen and started trading.

You aren't going to find any higher truth in science.

I don't know where you are going to find any higher truth.

Love and porn, there is lots to write about.
