

Publicerad 2011-10-22 14:45 av Johan I

A new life has just begun

A new life has just begun

Maby all we see is fear

But the fate have decided

Who we are going to be

And the best

Is to follow our own path

Maybe all we see is expectations

Responsibility and liberty

As long as we don't remember

And blame our self

For what we have been through

Then we will never take the wrong way

In life
