Tinn

keep another going

still it felt it touched it it it

was so sweet

never joined a feeling like that

felt forever

stayed forever

for awhile

then and now gone

?

No i won't take that.. it might be hidden..not gone

I saw your beauty yesterday, how can I be gone

how can I be tinn today

emptiness echoing inside the can

screaming fighting without moving a toe nail

accept eat and get going

rigid raping reaping of corn field in the thrill

not feeling a thing..

for you

blank memory of the past

no emotions..no nothing ..no yes

turn and go but keep it open
