*Every V is a heart*

**Every x is a kiss**

I've thought of writing for you  
to let you see  
a little bit more of my truth

A piece of my heart

x

Everything  
every word  
is new

Every x is a kiss

x

I'm out of my depth  
without words of my own  
my currency in life

You've given me change

x

If you think you like me now  
You'll love me when it's summer
