De handlar om att jag bara vill sjunka ner och dö! Det är egentligen en sång!(är inte så bra på att stava på engelska)

Death

The time doesnt hurt me anymore! the darkness inside i cant feel it anymore!

The time has come and my kindom of death waiting for me!

Come take me do whatever you wanted with me!

Come take hit me kill me do me a faiwer please!

Around the world nobody carring about a young womens death!

A young mans face look in to my eyes, he said im gona kill you now And nobody carring about your life!

i said:i know do me a faiwer and kill me now!

A man said:She looking back but i cant becuse im death!

He said:She in heaven now!

Oh so wrong a man can have hello im in hell!

i wasent weath to live in heaven i´m stocking here in hell!

The darkness is over me now is just to pain and shout!

but i cant becuse im dead!

Oh hit me kill me do me a faiwer please!
