jugend made alight

what jugend avenged jugend made alight
warning lit eye

sunlight licking the seas
drawned out drool of
reflection and shimmer
hot, unhinged by no breeze

starlight will soothe the surface
when horizons cool down clouds and
waters break at ease

warning lit eye
what jugend avenged jugend made alight

genesis in a loud world on a planet microphone
nuances of truth scrapes you
only this sharp when alone

storm of clouds dissolves at sea
waters reach and pull and reave the breeze
sunlight draging the seas jugend awoken
starlight retreats

warning lit eye
traded for one day of peace
