**Hearts out**

Hearts out

To remind me

To remind you

To remind me

A scene

Me, my, I

Same scene

You, true, it's you

Hearts out

To remind me

To remind you

To remind us

What we went through

Hearts out

Same scene

Now me and you

Staring out

Hearts out

The blackness

Behind the lights

Still staring?

Wanna shout?

Hearts out

Turn your face

Light will fail

Hearts out

One step

I fall, you fall

Hearts out

Curtain call

I do admit

Love

Compared

To darkness

Is to small

Hearts out...
