Father God

Jesus Christ

Holy spirit

Land on earth

darkness came in life, and almost convinced

it didn't pass as a monster, it stood beside
as a friend

suffering was entering the chest

a spirit nearly lost to the dark void

but the light within its core cried

more powerful than ever before

it landed on earth once

since birth

waiting through all challenging experiences

and to finally

give signs and break free

finding itself

the mission of

being a light carrier

to help other empath souls to find their own light
