## **Just talk**

Have a seat.

And

Talk to me

It is.

Just

A little and small talk

It is

Just

A little step to move on

You need to talk to someone.

I am here.

I am for you.

I need to talk to someone.

It must be you.

It must be us.

Try and try and try again if you fail.

If I fail

If we fail

Talk!

Is the best way than never talk?

Then never try.

I am listening.

I am ready.

I am open.

Just give it a chance

Never talk heart.

Talk never end bad.

Talk never close a mind.

Talk and talk and talk.

Until someone listen

Until somebody care.

My advice is to you and to me
