### **I Understand**

I understand

If you go away

From me...

I'm not worth it

I have places you will never see

Cause my heart wont let you in

So dark in here...

Is this even a heart?

Love deep inside

I think...

Who knows?...

My heart sings songs

For you

Deep dark songs

That you never ever will hear

There are things in here

That I barely can bear

I understand

If you go away

From me...
