

Publicerad 2006-12-13 03:51 av Litia Featers

engelsk

Try to murder?

English is killing me

Just wait and see

Someday you'll also want to flee

But then, after that

Just see what became of me

I'm sitting studying languages

Japanese, Finnish and Swedish,

Spanish - even English

But know it's not English killing me,

Now it's me killing English
