Fick i uppdrag att beskriva sorg, var först tänkt som dikt, men blev musiksatt och till slut en sång...

Behandlar olika facetter av ordet/begreppet Sorg.

Shades of Sorrow

Even tears form a shadow when they fall,
the drops you feel on me are my pain liquefied.
I gave you everything you felt nothing at all,
I'm just reflections of the feelings you denied.
Before my eyes i see shadows of my mind,
I looked for you, you looked for another kind.
Not ME, I'm just a shadow.

Shades of sorrow
Shades of sorrow... aren't always grey.
I longed for love, you just took another pray.
Shades of sorrow may be the red from the anger you gave,
or sorrow for the life you couldn't save.
Shades of sorrow,
Shades of sorrow.

When sadness is hidden in a smile,
a face fills with false intentions.
No caress from you could ever reconcile,
the lie brought me down, to new dimensions.
For sure the sky is darkend when you show,
I looked at you, but you looked for a mark for your blow.
It was ME, in a place of shadows.

Shades of sorrow
Shades of sorrow... aren't always grey.
I longed for love, you just took another pray.
Shades of sorrow make my eyes turn blue,
that hidden laughter was not even true.
Shades of sorrow,
Shades of sorrow.

Why is there no answer when i call,
this loud silence eats me inside out.
Ignored and hated i cannot stand tall,
nothingness is the hardest strike i wanna shout.
The irony of beeing left alone when you ask for it,
is the emptyness it brings, the lonely bit,
of ME, a heart of shadows.

Shades of sorrow,
Shades of sorrow... aren't always grey.
I longed for love, you just took another pray.
Shades of sorrow like the yellow coward you are,
hiding the dispare you felt so far.
Shades of sorrow,
Shades of sorrow.

My face is pale I dont recognize myself,
left behind in the final trip to serenity.
Whats left to do but to put my feelings on that shelf,
missing the one, loosing the fight for eternity.
When you disappeared from me i lost my mind,
a part of my heart is shattered, i wanna rewind,
ME out of the shadows.

Shades of sorrow,
Shades of sorrow... aren't always grey.
I longed for love, you just took another pray.
Shades of sorrow sometimes lacks a color to tell,
the grief from mourning, the sorrows spell.
Shades of sorrow,
Shades of sorrow.
