### **Shiver**

I fall in to lots of cries.

And all I wish for is empty skies.

My hands are shivering and I dont know why.

But why am I shivering when I want more then just to fly?

I have goals to live up to.

And that goal is you.

Before I was like a lion that was tame.

Now I only feel ashamed.

I am ashamed for what I have done.

And many things are gone.

I want to live up to that dream again.

But what I have done and what I have been trough is on me like a chain.

And now I have almost forgott what I have gone trough and I feel no pain.

That is thanks to you.

You are clearing my head.

And now I am laying in my bed.

I am trying to write some poetry on my mobilephone.

And all I want to say is that I love you Lisa Adolfsson.
