...

Fading

I\'m shaking

Just wanna lay down

close my eyes and slowly fade away

wake up in another world

I\'m feeling weaker

Can\'t take the pressure

Going deeper

nothing to hold on to

I\'m not meant to be

Scared and tired

The devil is breaking me into pieces

pieces that can\'t be put together

Forever broken

Forever captured

Stranded alone

Cold black water imprisoning me

Can\'t breathe

Can\'t think

the hunger is ripping my insides

until the welcoming blackness is surrounding me
