You and Me

You and me
we could always be
in heaven...

You and me
we could fantasy
like the children..

Just reach out your hand
and grab mine
and we will ride on to the
journey of love...
and we will fly over the mountains
and the sky and the moon
and the sea...

You and me
we could try to be
together...
You and me
we could always be
forever....

Just reach out your hand
and grab mine
and we will ride on to the
journey of love...
and we will fly over the mountains
and the sky and the moon
and the sea...
